### 61-63 SEMESTER CREDITS

Since the Associate of Arts can transfer into many diverse fields of study, **all electives should be chosen carefully, keeping both the future field of study and the transfer school destination in mind.** Suggestions for course selection based on your chosen major can be found in the Transfer Opportunities section of this catalog. Suggestions for course selection for general education electives can be found in the EGCC Transfer Module Course section of this catalog. To help assure maximum transferability, before registering students should check transfer school requirements and articulation agreements for the most up-to-date information.

▲ Student must obtain a letter grade of C or better to progress to graduation/certification.
