

2020-2021 Federal Work-Study Application

Facts about the Federal Work-Study Program

This federally funded program provides part-time jobs for students who are eligible for financial aid and need money to help pay educational expenses. Students must demonstrate a financial need based on Cost of Attendance (COA) greater than his or her Expected Family Contribution (EFC).

Students are required to complete the Free Application for Federal Student Aid (FAFSA) in order to be considered for the program.

Students may be ineligible for the Federal Work Study program if they have been awarded scholarships and/or received loans that exceed their cost of attendance. However, a student may choose to reduce their loan in order to show FWS eligibility.

Students will be paid bi-weekly at the rate of \$11.00/hour.

Student hours are determined by the FWS coordinator for each pay period.

Students will be required to complete all payroll paperwork. Additionally, if a student is assigned to the pre-school area, a background check must be completed before the hiring process can be completed.

Completion of application does not guarantee placement in a work-study position.

Work-Study students are required to sign the confidentiality statement.
