Dear EFDA Applicant,

Thank you for your interest in the EFDA program at Eastern Gateway Community College. The EFDA program is designed to prepare Certified Dental Assistants or Licensed Dental Hygienists to apply for the Expanded Functions Dental Auxiliary (EFDA) board examination administered by the Commission on Dental Testing in Ohio. Experiences are provided for quality, knowledgeable patient care as an entry level EFDA. This course includes 200 hours of instruction, progressing from pre-clinical laboratory activities to faculty supervised clinical experience. The EFDA Program is a rigorous and challenging course. Students must be very familiar with restorative procedures, have the ability to use both direct and indirect mirror vision to complete and evaluate restorations, and the necessary dexterity to perfect fine motor skills to enable the accurate and safe application of dental handpieces and instruments.

The EFDA program at EGCC has a Fall semester startup date; the curriculum consists of a Fall and Spring Semester. Currently we have one EFDA class with a limit of seven (7) students per academic year. THE LAB PORTION OF THE EFDA CLASS IS HELD ON FRIDAYS, 8-1:50. The theory portion of this class is offered on-line. During the Spring semester, students are required to complete mandatory clinical hours in their dental office and on Saturdays at EGCC’s Dental Clinic.

You must FIRST apply for Admission to Eastern Gateway Community College and in addition submit all EFDA admission requirements BEFORE you can be accepted into the EFDA program at EGCC; all material must be submitted and reviewed before your acceptance process can be completed. The college has a rolling admission policy (first-come, first-placed) basis. Once a class is full for a particular year, valid applications are accepted for the following year.

Students will not be accepted into the EFDA Program until all requirements are completed. Those requirements include:
1. Notarized copy of current CDA credential or RDH license
2. BCI/FBI background check documentation (Cost of the Background check is the responsibility of the student)
3. Proof of at least Two (2) Years Work Experience as a general dentistry Chairside Dental Assistant; with experience occurring within the last 5 years, as of the date of application. (See attached form) or as a Registered Dental Hygienist
4. Two (2) letters of professional recommendation
5. Personal Statement
6. Employer Recommendation Form
7. Signed acknowledgement of Program Performance Requirements

Please note: BEFORE applying to the EFDA Program, you must FIRST be accepted to the college.
You can complete this process by going the egcc.edu website

Please submit all EFDA admissions materials to: Eastern Gateway Community College
Health Admissions Department
110 John Scott Highway
Steubenville, OH 43952

**********IMPORTANT**********

Students must provide proof of current CPR certification by August 1, for the year they are starting the EFDA program; continual certification is required while in the EFDA Program.

OSDB approved CPR courses include: American Red Cross (ARC), The American Heart Association (AHA), or The American safety and Health Institute (ASHI)

PASDB approved CPR courses include: American Red Cross, the American Heart Association or an agency substantially similar approved by the Board. The card must reflect all three components – Infant, Child and Adult CPR. **NOTE** Online CPR certification courses are not accepted by the Board.

TB and Hepatitis B vaccination documentation or proof of current titer must be submitted by August 1 of the year you are starting the EFDA program.
After acceptance into the EFDA program you will be contacted in May regarding the scheduling of your classes for the Fall Semester. Employed auxiliaries will be given priority consideration and four-handed dental experience is expected.

It is important to note before applying for the EFDA program at EGCC, that according to various State Laws and Regulations for Certification and Licensure Boards, persons convicted of a felony or misdemeanor may not be able to take the licensure or certification examinations and may be refused acceptance of placement by the clinical/practicum sites; or may have restrictions placed on their ability to practice. For more information, please contact the applicable licensure/certification board.

The EFDA program is very demanding of the student's time and energy. Attendance is required for ALL scheduled lecture, laboratory, and clinical sessions. Students are required to complete weekly homework assignments include reading the textbook and manual, as well as completing specified restorative procedures on the typodont. Weekly written quizzes and practical examinations are given during the DAS 203 and DAS 204 clinical courses. Students continue to practice on typodont teeth, in preparation for the certifying board exam, throughout the clinical portion of the course and students are highly encouraged to practice on their own. Students must have access to a dental operatory/laboratory space where they can restore typodont teeth with both amalgam and composite materials.

I hope I have given you all the necessary information that you may need concerning our EFDA Program. Please feel free to contact me at 740-266-9666, if you have additional questions or concerns.

Sincerely
Tammy L. Graham, CDA, EFDA, RDH, M.H.Sc.
Program Director, Dental Assisting and EFDA

I understand that if my auxiliary is accepted into the EFDA Program at EGCC I will be expected to allow her / him to place restorations on patients in my office under my Direct Supervision in order to complete required restorations to complete the program. I also understand that I must grade the restorations and provide grade documentation.
Personal Statement (attach additional page, if necessary)

In the space below, please address the following:

1. Why you would like to become an EFDA?
2. Your knowledge of EFDA duties (in Ohio).
3. Your willingness and ability to spend the necessary time, outside class, to complete required reading and studying.
4. Explain how you plan to use your EFDA training once you pass the state boards.
The purpose of this form is to assist the admissions committee in selecting students applying to the EFDA Program that show evidence of the skills necessary to become an EFDA in Ohio. This information is held in strict confidence and will be used solely for making decisions about annual admittance into the EFDA Program.

Applicant’s Name:_________________________________    Date:_________________

EGCC EFDA Program Performance Requirements

All students admitted to the Expanded Function Dental Auxiliary Program must be able to meet the following requirements:

1. Students must be familiar with restorative procedures.
2. Students should be able to use both direct vision and indirect mirror vision to complete and evaluate restorations, and will have to perfect fine motor skills to enable the accurate and safe application of dental handpieces and instruments.
3. Students must be familiar with basic dental terms and nomenclature.
4. Students must be able to function effectively under the time constraints of the program and display flexibility in the event of changing lab and clinical situations.
5. Students must be able to apply didactic learning (theory) to clinical situations.
6. Students must be able to hear and communicate effectively, follow directions and act professionally in class and when delivering patient care.
7. Students must be able to read the printed words in EFDA textbooks and supplemental information, observe various dental instrument angulations and apply the concepts appropriately.
8. Student’s eyesight must be able to visualize fine detail (either naturally or corrected), have depth perception and have the ability to visualize three dimensional objects.
9. Students must be physically free of the use of non-prescription drugs, illegal drugs and alcohol.
10. Students must show acceptable progress and pre-clinical competency in the program by a prescribed time before they are allowed to provide care to patients.

I acknowledge that I have read and understand the program performance requirements expected of me should I be accepted into the EFDA Program.
