Read and follow the instructions provided and develop your finished work. Once you have it completed, make sure you are aware of where you are saving it. You will be able to upload from four different locations: your computer (default location); LoudCloud File Cabinet; Google Drive; or Microsoft OneDrive.

To upload, either click on 'BROWSE FROM MY COMPUTER' if it is located on your computer or the drop-down arrows to get to File Cabinet, Google Drive, or Microsoft OneDrive.

If you are using the 'BROWSE FROM MY COMPUTER' option, you will be provided an upload screen to locate your file.

You can upload as many files as you need to from any location you have them stored. Once you have all your files uploaded, you will see them listed. Select the ones you want to submit and click 'Submit Assignment.'
