

Start by going to <https://egcc.edready.org>

- Click Get Started.
- Fill out the form to sign up for EdReady.
- Use your EGCC student email address (ex. Jgator123@student.egcc.edu)
- Be sure to write down your username and password.
- Click Sign up for EdReady.
- A confirmation email is sent to your student email address.
- Click it and paste activation code.
- Log into EdReady.
- The screen will say "Welcome to EdReady".
- Enter a key to continue.
- Enter the key **egccmathfa19**
- Click Get Started.
- Click Go to Goal.
- Choose your level; if unsure start with level 1 Arithmetic.
- Click start diagnostic.
- Once completed you will see the areas you know and those you may need to review.
- Follow the path until you have achieved the goal.

Please Note:

- It is important you create an EdReady account with your EGCC student email account. If you work as a guest, your work will not be saved.
- You will have the opportunity to take a diagnostic test which will provide you with results and a personalized learning plan. You will receive continued updates on your progress. This is a great way to prepare for your math class, or to support your learning while enrolled in a math class.
- If you forget your login information, you will need to contact EdReady. The technical support at EGCC will not be able to reset your password.
