

EASTERN GATEWAY COMMUNITY COLLEGE

ANNOUNCEMENT 3/10/2020

Today, Ohio Governor Mike DeWine held a press conference to urge Ohio's colleges and universities to transition in-seat students to online classes. In response, Eastern Gateway Community College released the following statement:

Eastern Gateway Community College Interim President Michael Geoghegan joined his colleagues in Columbus today for a meeting with Governor DeWine to discuss the state's response to COVID-19 on college campuses. Tomorrow morning he will convene EGCC's leadership team to operationalize the governor's recommendation in a way that prioritizes health and safety and addresses the needs of students in hands-on workforce development programs that can not be offered online. All online classes will continue as currently scheduled.

College leadership, faculty and staff are all committed to ensuring as little disruption to our students' education as possible.

Thank you,
Eastern Gateway Community College
