Addendum 2022-2023 #18

EASTERN GATEWAY COMMUNITY COLLEGE
COLLEGE CATALOG 2022-2023 ADDENDUM

ORIGINAL CATALOG PUBLISHED March 14,2022

Addendum approved by cabinet (date): May 11, 2022
Addendum published (date): May 20, 2022

Catalog Addendum Purpose:

What is the purpose of this addendum?

1. Remove the text under the IT grid on page 130 that states:
*One credit hour – **NET291** has 2 pre-requisite courses: **NET133 and NET141**
NET132 has 1 pre-requisite course: **NET126**
NET133 has 1 pre-requisite course: **NET126**
NET232 has 2 pre-requisite courses: NET227
**Recommendation is one credit.

2. Remove all stars for the NET291 and EGT291 courses on the bottom grid on semester IV on page 130. Both NET291 and EGT291 are only 1 credit so it is redundant and confusing to add all the stars.

NET291 Information Technology Capstone* OR

EGT291 IT and Engineering Practicum **

**1

3. Change NET133 prerequisite to NET132 on page 206
The prerequisite for NET133 should be NET132, not NET126 as stated on page 206

4. Change curriculum committee approved EGT291 course description on page 181 to:
EGT291 IT and Engineering Practicum
Students receive practical on-the-job knowledge of the application of IT and/or engineering technology principles. A student ordinarily will not be permitted to take this course without meeting the program prerequisites unless he/she receives permission from the instructor.

Students need to secure a practicum site prior to the beginning of the term for which they have enrolled in the course and will begin completing the 100-120 required hours per credit hour at the start of the term. Students need to approach organizations that will be willing to mentor them as they apply their Information Technology or Engineering skills.

	The course instructor does not secure the site – this is the student's responsibility. The student will notify the instructor that they have been accepted by a site and will provide the site supervisor's contact information. The site supervisor and the student will then receive paperwork that must be reviewed and signed before the practicum begins. The instructor may also be able to provide additional information to the student that will help them with their search and/or talk directly with a site on the student's behalf.
Catalog Addendum Effective Date:	What is the effective date of this addendum? 4/29/2022
Catalog Addendum:	List the detailed changes to the catalog, i.e. updated curriculum grid, updated tuition or fee, updated policy, etc. *1. Remove the text under the IT grid on page 130 that states:* *One credit hour – NET291 has 2 pre-requisite courses: NET133 and NET141 (this is redundant to the information in the course description) NET132 has 1 pre-requisite course: NET126 (this is redundant to the information in the course description) NET133 has 1 pre-requisite course: NET126 (this in incorrect – the prerequisite for NET133 is NET132, not NET126) NET232 has 2 pre-requisite courses: NET227 (this is incorrect – NET232 only has 1 prerequisite, which is NET227) **Recommendation is one credit. (This is redundant since NET291 and EGT291 is already denoted as 1 credit on the grid.) *2. Remove all stars for the NET291 and EGT291 courses on the bottom grid on semester IV on page 130. Both NET291 and EGT291 are only 1 credit so it is redundant and confusing to add all the stars.* **NET291** Information Technology Capstone* OR **EGT291** IT and Engineering Practicum ** **1 *3. Change NET133 prerequisite to NET132 on page 206* **The prerequisite for NET133 should be NET132, not NET126 as stated on page 206** *4. Change curriculum committee approved EGT291 course description on page 181 to:* **EGT291 IT and Engineering Practicum** Students receive practical on-the-job knowledge of the application of IT and/or engineering technology principles. A student ordinarily will not be

permitted to take this course without meeting the program prerequisites unless he/she receives permission from the instructor.

Students need to secure a practicum site prior to the beginning of the term for which they have enrolled in the course and will begin completing the 100-120 required hours per credit hour at the start of the term. Students need to approach organizations that will be willing to mentor them as they apply their Information Technology or Engineering skills.

The course instructor does not secure the site – this is the student's responsibility. The student will notify the instructor that they have been accepted by a site and will provide the site supervisor's contact information. The site supervisor and the student will then receive paperwork that must be reviewed and signed before the practicum begins. The instructor may also be able to provide additional information to the student that will help them with their search and/or talk directly with a site on the student's behalf.

The above information replaces, supplements, or updates, the corresponding section(s) of the 2022-2023 Catalog on Page(s) [List the page number(s) to which the addendum specifically applies.]

Summary of changes and the pages that they are on:
Page 130 Remove text in box underneath grid with exception of the triangle for required major courses
Page 130 Remove the stars in the last block on the bottom right in semester 4 since NET291 and EGT291 are both 1 credits (the stars are confusing)
Page 206 NET133 prerequisite should be NET132 (not 126)
Page 181 EGT291 course description change
